Scope of Task Order

Provide description of work and reference attachments for prime consultant and all subconsultants (to include detailed description of work schedule and estimate).

Statewide On-Value Engineering

Defining and contracting subject matter experts for the Constructability Review study on the Columbia River Crossing Project.

Scope of work:

1. Assemble and contract with up to fourteen (14) team members to form the expert review panel for the study. Each member is required to be defined as a sub-consultant by WSDOT HQ consultant services. Assumption WSDOT will provide the list of names and contacts.

2. Develop project management plan and scope for work the constructability review study scheduled for the weeks of June 16th and 23rd.

3. Communicate and transmit preliminary information to team members.

Deliverables:

- A confirmed list of subject matter experts for use on the expert review panel.
- A confirmed list of the technical team that will develop the recommendations from the information provided by the expert review panel.
- A project management plan that includes the scope schedule and budget for the constructability review process.
